Mr. H. R. Isbell of Running Water was in the city Wednesday.

An eye witness relates the following as the substance of a recent trial at Portales, N. M., where two cowboys had a fight. One pleaded guilty, the other one determined to resist the charge and declined to employ a lawyer but defended himself. He had the other man put on the witness box and proceeded in substance as follows:

Defendant:—Is it not a fact that we were playing cards and you caught me cheating?

Witness:—Yes.

D.— Didn't you roar and I was you out?

W.—Yes.

D.— Didn't you drift me in the face?

W.—Yes.

D.— Didn't I invite you out of the house to fight?

W.—Yes.

D.— Well, didn't you beat hell out of me?

D.—Yes.

With this the crowd roared and the justice of the peace rendered his judgement of not guilty.

Cooked Meats

The city meat market keeps on hand a supply of cooked beef at all times, nicely cooked, properly seasoned, clean and well done at only 10 and 12 cents a pound, suitable for picnics, dinners and cold suppers. Give me a trial order.

J. W. Cummings.

The recent rains have so muded the roads that freighters are not so numerous as usual and our city lacks its usual traffic.

Many people tell us that they have friends in the older settled country who are already calculating on coming to Canyon City to the reunion.

The Ft. Worth & Denver railroad is taking a very active part in trying to secure a large crowd for the reunion.

Be sure to get our prices.

SMITH, WALKE & CO.

Miss Lillian Caldwell of Midford, Texas, is visiting Mr. F. P. Wilson's family. She will probably remain until about the middle of July.

GOOD ADVICE

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects such as sour stomach, flatulence, habitual constipation, palpitation of the heart, heartburn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up often after eating, low spirits, etc. Go to your druggist, J. N. Hadley, and get a bottle of August Flower for 75¢. Two doses will cure you. Try it.

Mr. Frank P. Morgan, former stock agent for the Pecos Valley railroad, was in town today. He looks unusually well.

Mr. L. G. Trimble made a flying trip to Portales this week.

Hay Feed For Cattle.

In a recent issue of the Farmers Tribune was an account of a sale of a number of carloads of Montana hay fed steers that sold for \$5.50 in the Chicago market. These steers had never eaten a particle of grain and yet they were in good condition for the butcher's block. And now comes the account of a sale of 78 head of hay fed cattle at Gunnison at \$5.50. These steers were two and three years old and weighed 1250 pounds apiece. The price was the highest ever paid for cattle in Colorado and shows what can be done on the ranges by feeding hay to steers. These steers brought \$68.75 a head on the ranges and shows what can be done by proper care and feeding hay to good steers. It also serves a note of warning to the feeders in the corn belt that in the future they will have to pay much more for their Western feeders than formerly. This may also help solve the future meat supply problem. Steers will no longer be sent to market from the ranges weighing 900 to 1000 pounds, but will be matured on hay and then sent to market

in good flesh ready for the market that needs good fat cattle. As the Dwarf Essex rape grows so well in this country and is of such high feeding value our people could prepare their cattle for the butcher's block and never be bothered with feeding grain.

To Be Given Away.

Two lots centrally situated, good paying property will be given away absolutely free to the man who will buy The Stayer office building. See us about it.

Last Sunday, Sam Milligan, the shoemaker, while trying to mount a horse, fell; his foot hung in the stirrup and the horse dragged him around and broke a bone in his leg. He is getting along nicely now.

It is generally admitted that nearly all of the range in the southwest is overstocked. Sooner or later the amount of stock must be reduced or forage crops must be grown to make up the deficiency in pasture.

Bus meets all trains. Best teams and rigs always on hand.
